

From the Website Editorial Team...

Dear MCCS Family members

It seems only like yesterday, but how time flies and here we are – it is a lot of joy to share with you all that our MCCS community website has just completed one year!

When we launched this initiative last year, we had two main objectives:

- to bring all our community members together, overcoming the gaps of distance, language or our age or generation.
- to build a simple, common platform for all our important and useful community information, including our present and our past.

We feel very happy to share that our last one year's journey has been very focused on both above objectives. During this time, we have:

- ✓ more than 5,000 visits to our website by our community family members
- ✓ more than 4,000 views on our linked YouTube channel
- ✓ 8 Family trees of various families of our community, covering 5-10 generations!
<http://mccsonline.com/family-trees/>
- ✓ 12 Circulars and audited accounts published. <http://mccsonline.com/notice-board/>
- ✓ 24 traditional songs for our ceremonies like wedding, janoi, simant etc.
<http://mccsonline.com/our-songs/>
- ✓ 15 files under our Download section – including YouTube & media files
<http://mccsonline.com/downloads/>
- ✓ 14 different Career guidance articles, contributed by our own community young professionals
<http://mccsonline.com/careercorner/>
- ✓ 9 blog articles, including 3 on history of our own MCCS community
<http://mccsonline.com/blog/>
- ✓ 11 Advertisements <http://mccsonline.com/classified-ads/>
- ✓ 9 Topics under "Did You Know" section <http://mccsonline.com/didyouknow/>
- ✓ Panchang for last 3 years <http://mccsonline.com/panchang/>
and most importantly, all of the above is available in Gujarati as well as in English languages, even using a mobile phone!

We are truly grateful to you all for your participation in this journey – regardless of your location, age, language or background.

We look forward to your continued support and active participation as we work to bring all our community members & our families closer. You can share your suggestions or any questions via the 'About this website' section and we will try to respond back as quickly as possible.

As we build on our baby steps in this long and fruitful journey, we seek your blessings.

Thank you and with best wishes

MCCS Online website team.
